Re: Terminal 91--EPA Section 3007 Request--Port of Seattle

Dear Mr. Croxton:

Thank you again for meeting with me, Doug Hotchkiss, and Dave Aggerholm on Monday to discuss some of the Port's concerns regarding the expanded EPA investigation at Terminal 91. This letter will confirm the discussions in our meeting regarding the production of documents as requested by EPA in its May 1 letter. The Port has provided a draft bibliography prepared by our consultants. A final version of the bibliography will be sent to you on Friday, June 19. The Port will be providing the requested reports gradually over the next 30 days. We understand you will indicate to us if there are particular documents which you do not need after reviewing the bibliography.

Please call me at 728-3007 or Doug Hotchkiss at 728-3192 if you have any questions.

Sincerely,

Tom Tanaka
